## Hardening the Constitution.

Men talk about "hardening the constitution," and with that view, expose themselves to summer's sun and winter's wind, to strains and over efforts, and many unnecessary hardships. To the same end, ill-informed mothers souse their little infants in cold water day by day; their skin and flesh and bodies are steadily growing rougher and thinner and weaker, until slow fever, or water on the brain, or consumption carries them to the grave; and then they administer to themselves the semi-comfort and rather questionable consolation of its being a mysterious dispensation of nature ; when, in fact, nature works no miracle to counteract our follies. The best way we know of hardening constitution is to take good care of it : for it "With a good appetite, three times a is no more improved by harsh treatment philosophical and retrospective cast of day, delicious sleep, not an ache or a pain than a fine garment or new hat is made

## Fatal Railroad Accidents.

Saturday morning, July 24th last, Mr. H. H. Farnum, of this village, received a telegram from Phillipsburgh, N. J., stating that his nephew, Wallace W. Farnum, a deaf-mute, had been killed on the Easton and Amboy railroad. His remains arrived here Saturday evening in charge of Mr. Tearfoss, an uncle of deceased, and from him we learn the following particulars of the accident:

Wallace had been stopping for several months with his uncle, who resides at Durham, and was engaged in canvassing | Collectors for newspaper and book subscriptions. Thursday night he remained at Patten burgh, and on Friday morning started down the track of the Easton & Amboy - railroad, with the intention of visiting ex-sheriff Abbott, of that county, who resided about three miles distant. Ayer's Cathartic Pills,

Being purely vegetable, they contain no mercury or mineral whatever. Much serious sickness and suffering is prevented by their timely use; and every family should have them on hand for their protection and relief, when required. Long experience has proved them to be the safest, surest, and best of all the Pills with which the market abounds. By their occasional use, the blood is purified, the corruptions of the system expelled, obstructions removed, and the whole machinery of life restored to its healthy activity. Internal organs which become clogged and sluggish are cleansed by Ayer's Pills, and stimulated into action. Thus incipient disease is changed into health, the value of which change, when reckoned on the vast multitudes who enjoy it, can hardly be computed. Their sugar coating makes them pleasant to take, and preserves their virtues unimpaired for any length of time, so that they are ever fresh, and perfectly reliable. Although searching, they are mild, and operate without disturbance to the constitution, or diet, or occupation.

occupation.

Full directions are given on the wrapper to each box, how to use them as a Family Physic, and for the following complaints, which these Pills rapidly cure:

For Byspepsia or Indigestion, Listlessaess, Languor and Loss of Appetite, they should be taken moderately to stimulate the stomach, and restore its healthy tone and action.

For Liver Complaint and its various symptoms, Billious Headache, Sick Headache, Jaumdice or Green Sickness, Bilious Colic and Bilious Fevers, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which Dysentery or Diarrhoea, but one

mild dose is generally required.

For Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the
Side, Back and Loins, they should be continnously taken, as required, to change the diseased
action of the system. With such change those complaints disappear.
For Bropsy and Bropsical Swellings, they should be taken in large and frequent doses to produce the effect of a drastic purge.
For Suppression, a large dose should be taken, as it produces the desired effect by sym-

As a Dinner Pill, take one or two Pills to promote digestion and relieve the stomach. An occasional dose stimulates the stomach and bowels, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these Pills makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constituthe energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently vast numbers perish by disorders

are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S

Compound Extract of Sarsaparilla, the most effectual remedy which the medical skill of our times can devise for this everywhere prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only Scrofula, but also those other affections which arise from it, such as ERUPTIVE and Skin Diseases, St. Anthony's Fire, Rose, or Envirences, Pimples, Pustules, Blotches, Blains and Boils, Tumous, Tetter HIS NAME IS A SUFFICIENT GUARANTEE THAT THE DEPARTMENT WILL BE COMPLETE AND RELIABLE. and Salt Rheum, Scald Head, Ringworm, Rheumatish, Syphilitic and Mercurial Dis-eases, Dropsy, Dyspersia, Dehility, and, indeed, ALL COMPLAINTS ARISING FROM VITIAindeed, ALL COMPLAINTS ARISING FROM VITTATED OR INPURE BLOOD. The popular belief in "impurity of the blood" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsapavilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

## Ague Cure, FOR THE SPEEDY CURE OF

Intermittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache, or Bilious Headache, and Bilious Fevers, indeed for the whole class of diseases originat-ing in biliary derangement, caused by the Malaria of Miasmatic Countries. We are enabled here to offer the community

We are enabled here to offer the community a remedy which, while it cures the above complaints with certainty, is still perfectly harmless in any quantity. Such a remedy is invaluable in districts where these afflicting disorders prevail. This "Curr" expels the miasmatic poison of Fryer And Ague from the system, and prevents the development of the disease, if taken on the first approach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of every body; and in bilious districts, where Feven And Ague prevails, every body should have it and use it freely both for cure and protection. A great superiority of this remedy over any other ever discovered for the speedy and certain cure of Intermittents is that it contains no Quinine or mineral, consequently it produces no quinism or other injurious effects whatever upon the constitution. If Those cured by it are left as healthy as if they had never had the disease.

Fever and Ague is not alone the consequence of the miasmatic poison. A great variety of disorders arise from its irritation, among which are Neuralyja, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitation, Painful Affection of the Spleen, Hysterics, Pain in the Bowels, Cohe, Paralysis and Derangement of the Stomach, all of which, when originating in this cause, put on the intermittent type, or become periodical. This "Curaz" expels the poison from the blood, and consequently cures them all alike. It is an invaluable protection to immigrants and persons travelling or temporarily residing in the malarious districts. If taken occasionally or daily while expessed to the infection, that will be excreted from the system, and cannot accumulate in sufficient quantity to ripen into discase. Hence it is even more valuable for protection than cure, and few will ever suffer from Intermittents if they avail themselves of the protection thi

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The puestion is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BIT-TERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great
